

Gull Aire Village Rules & Regulations

Enforcement of Rules and Regulations:

The rules and regulations are designed for your safety and enjoyment and to maintain the highest standard of acceptable conduct and appearance in your community. It is imperative that all residents be familiar with them. Generally, your neighbors will appreciate you bringing to their attention any violations of a park rule rather than reporting such violations to the management. Therefore, it is suggested that owners endeavor to assist one another in the compliance of rules and bring violations to the attention of the management only as a last resort. It shall be the responsibility of Ameri-Tech Management in conjunction with the office administrator and the directors of your association to investigate all complaints and to enforce the rules and regulations.

The information contained herein is not meant to substitute or override the Covenants. Please refer to the Covenants for more complete description of rules, regulations, and restrictions.

Age Restriction: Gull Aire Village is registered with the State of Florida as a 55+ community. The Fair Housing Act provides the eighty percent (80%) of the units must be occupied by at least one qualifying occupant of fifty-five (55) years of age or older permanently residing at the property. The qualifying occupant cannot be a seasonal occupant when there are other permanent occupants that are not fifty-five (55) years of age or older.

No home may be permanently occupied by anyone under the age of 18.

The twenty percent (20%) allowed for under the Fair Housing Act as a cushion was intended for specific situations where exceptions should be made for hardship, such as where a spouse of qualifying age passes away leaving an underage spouse still living in the unit. It would be a hardship and unreasonable to displace a spouse from their home due to these circumstances. Another recognized exception is for inherited properties where the underage individual inheriting the property permanently lived in the unit at the time that the qualifying age resident passed away.

Further, the Fair Housing Act exceptions are not intended to be used by an Association to randomly allow permission to certain unit occupants in relation to the granting exceptions.

Residency Requirements: All prospective residents of Gull Aire Village, whether owners, lessees or other persons, must submit an application for residency to the G.A.V.A. Board of Directors. All residency applicants are required to remit with the application, an application fee as determined by the Board up to but not exceeding the maximum allowed by law to cover the cost of processing the application by the Association. The application must be approved prior to taking occupancy. All residents of Gull Aire Village must have an application approved by the G.A.V.A. Board in their file. All Gull Aire rentals are to be a minimum of one month. Renting of rooms is not permitted.

Exceptions will be considered.

These pertain to the usage of any facilities within the recreation area, clubhouse, pool, hot tub, saunas picnic area, bocce and shuffleboard courts. Posted rules governing these facilities are considered to be a part of these rules and regulations.

The swimming pool and hot tub in Gull Aire Village have been designed and planned for the pleasure, convenience and safety of the residents and their houseguests. Pool badges can be purchased at the clubhouse office at a cost of \$2.00 each. All residents and guests who visit the pool area are required to wear badges. Under no circumstances are badges to be given to any friend or relative outside the park. The privileges of Gull Aire, including use of the pool and hot tub are reserved for residents and their houseguests only. Rules for the use of the pool and hot tub are posted on conspicuous signs by each facility and must be followed by all users of these facilities. These posted rules have been established in order to satisfy three major areas of concern: safety, liability & cost and to meet Pinellas County Health Department requirements.
